### **Soluteo to take part in Wireless Innovations Conference**

**September 10, 2005** – Soluteo, a specialist in BlackBerry® based mobile communication technologies, is pleased to announce its participation in the Wireless Innovations Conference to be presented by Bell on September 27 at the Palais des congrès de Montréal.

With its theme Changing the Way You Do Business, the conference will explore the latest innovations in wireless mobility to enterprises who wish to improve their communications and efficiency. Attendees will be able to hear high-profile keynote speakers, take part in breakout sessions and meet some 40 exhibitors.

Soluteo will present its range of BlackBerry® based solutions with real-time demonstrations of its products.

#### **About Soluteo**

Based in the UK, France and Canada, Soluteo exclusively develops real-time mobile extensions for existing enterprise software applications based on BlackBerry® technology. Accredited by Research in Motion since 2002 as an ISV (Independent Solution Vendor), Soluteo is well known for its expertise in large-scale deployment of terminals (20 to 400-plus). The company mainly serves clients in the transport, telecommunications, real estate and energy industries.
